Subject: Man Industries (India) Limited Marks Milestone with Successful Testing of Hydrogen Transport Pipes.

Reg: Business Update pursuant to Regulation 30 of the SEBI (LODR) Regulations, 2015

Dear Sir / Madam,

Pursuant to Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, we are delighted to announce the successful testing of pipes for safe hydrogen transportation conducted by leading European Research Centre for hydrogen transport.

The Hydrogen Service test, ensuring structural integrity and safety for hydrogen transport. This certification safeguards against challenges related to hydrogen's small molecule size permeating materials more easily than other gases. This successful test underscores our commitment to innovation and sustainability.

This accomplishment marks a critical milestone in addressing a major hurdle in the shift to a hydrogen-based ecosystem i.e. efficiently delivering Hydrogen Gas to the point of use.

This is for your kind information and record.

Thanking You,

Yours faithfully,
For Man Industries (India) Limited

Rahul Rawat
Company Secretary
